Explanation of services

- Co-ordinating activities, rites, ceremonies – Professional consultation with licensed staff, including but not limited to expert advice on options to meet your needs. Co-ordination of all activities, rites and ceremonies, before, during and after they have been provided, including services and supplies provided by us, as well as those provided by third party suppliers, such as flowers and catering.
- Documentation – Completion and filing of all documents necessary to carry out the services and supplies requested, including but not limited to , death registration , burial permit, coroners certificate for cremation, documentation necessary to ship remains out of the country. Provision of 10 proof of death certificates from Tranquility. Please note: Our proof of death certificates are usually accepted for most estate settlement purposes, but sometimes a provincial “Certified Death Certificate”, will be necessary and is available from the Office of the Registrar General, or on line at www.ontario.ca
- Transport remains – Transportation of remains from one place to another, for example the hospital to Tranquility, or Tranquility to the crematorium or cemetery. An additional fee of \$250 may be charged if the use of two staff members is required for the initial removal from the place of death. Our standard service vehicle (Van), is the vehicle used and not a funeral Coach or Hearse.
- Basic preparation of remains – (requires Facilities for preparation/embalming/shelter) The preparation of the body for placement into the casket, including bathing, dressing and the setting of facial features for identification or viewing without embalming.
- Embalming of remains – (In addition to basic preparation of remains) Embalming is the process of replacing blood and bodily fluids with chemical preservatives. It is a process of sanitation, restoration and the temporary preservation. Embalming is not required by law, but it is our funeral home policy to insist on embalming if visitation is to be public, and an open casket. Our professional Funeral Directors will make recommendations based on the condition of the body and circumstances regarding the ceremony or rite.
- Facilities for preparation, embalming, shelter of remains - Shelter of remains at our facilities from the time of initial transfer, until the time of disposition. There is no extra charge for longer holding times, with the exception of spring burial.
- Staff services for visitation/ceremony – Staff to coordinate and oversee the visitation (informal gathering)/ ceremony or memorial service.
- Funeral coach (hearse) – A funeral coach is the traditional vehicle that is used to transport a casket to a church, chapel, cemetery or crematorium. 3 hour use is included. Over time charges may apply to use over 3 hours. The rate hour is \$100 for every hour of overtime.
- Lead car / clergy car – A lead car is a sedan that is used to either lead a funeral procession, or transport clergy from one place to another.
- Limousine – Limousine service is a vehicle that is used to transport up to 7 passengers to a ceremony or memorial service, and to a cemetery or post funeral reception. 3 hour use is included, the over time rate is \$125 per hour.
- Scattering of cremated remains – we will scatter cremated remains in accordance with Ontario and municipal laws and by-laws on land. Our staff fee for scattering in open water or on land is \$50.
- Professional restorative procedures – In some circumstances, additional restorative efforts beyond those captured in the standard embalming procedure are necessary to enhance the

appearance of the deceased. In such cases, the funeral director will discuss the available options and their cost. Professional restorative procedures will be charged at a rate of \$295 per hour.

Explanation of disbursements

- Municipal death registration fee – This fee is charged by local municipal government to register a death.
- Clergy honorarium – This is an amount of money paid to the clergy for their services.
- Cremation fee – This is the fee that is paid to the crematorium for performing the service of cremation.
- Coroners fee – This is a fee charged by the Coroner for issuing a certificate that allows cremation to take place, or to allow a body to be shipped outside the province of Ontario.

Payment

Unless otherwise specified, payment is due by the day the services are completed. Payment may be made by cash, cheque or debit. Visa and MasterCard payments are subject to a maximum limit of \$2,000.00.

Cryptocurrency

As the leader in alternative funeral services in Ontario we are pleased to announce that Tranquility Burial & Cremation Services is the first funeral home in Canada to accept the following cryptocurrencies, (Bitcoin, Bitcoin Cash, Ethereum, Litecoin, Monero, Dash). We can only accept cryptocurrency for at time of need services and merchandise, not including cremation fees or other disbursements. We cannot accept cryptocurrency for pre-payment of our services.

How It Works

The total amount of the services, merchandise, plus H.S.T, in Canadian dollars will then be calculated via cryptocurrency exchange rates into the cryptocurrency of your choice. We will then accept that cryptocurrency as payment.

Why use Cryptocurrency as Payment?

We believe that cryptocurrency will play a large role in the future of alternative banking and payment methods. This payment method is much simpler and favourable for the consumer than traditional payment methods. As part of our business model vision of pioneering alternative non-traditional ways of caring for your loved one, we feel that accepting cryptocurrency is an extension of that pioneering vision. As an incentive to the families we serve, we are glad to be able to offer a 25% discount off of all of our services and merchandise before H.S.T is applied.

Please feel free to call or talk to your Funeral Director in person about cryptocurrency payment options, we are here to help make things easier in every way.

Pre payment

Pre payment is when you pre pay for the services and supplies today and the money will be used to pay for the services and supplies when they are delivered at the time of death. We offer two funding options when prepaying our services or supplies.

- Trust – You may pay the money directly to us and we will place it in trust, where it will accrue interest until the contract is fulfilled (when services and supplies are delivered) or the contract is cancelled.
- Insurance – You may purchase an insurance policy where the proceeds of the insurance policy will be used to pay for the services or supplies at the time they are delivered or the contract is cancelled.

(Additional information about our payment options is available upon request)
