Explanation of Services

- Consultation with licensed staff – Professional consultation with licensed staff, including but not limited to expert advice on options to meet your needs.
- Documentation – Completion and filing of all documents necessary to carry out the services and supplies requested, including but not limited to, death registration, burial permit, coroners certificate for cremation, documentation necessary to ship remains out of the country. Provision of 10 proof of death certificates from Tranquility. Please note: Our proof of death certificates are usually accepted for most estate settlement purposes, but sometimes a provincial “Certified Death Certificate”, will be necessary and is available from the Office of the Registrar General, or on line at www.ontario.ca
- Transport remains – Transportation of remains from one place to another, for example the hospital to Tranquility, or Tranquility to the crematorium or cemetery. An additional fee may be charged if the transfer takes place outside of regular business hours for the initial removal from the place of death. That fee is \$250 additional. Our standard service vehicle (Van), is the vehicle used and not a funeral Coach or Hearse.
- Facilities to shelter of remains - Shelter of remains at our facilities from the time of initial transfer, until the time of disposition. There is no extra charge for longer holding times, with the exception of spring burial.

Payment

Unless otherwise specified, payment is due by the day the services are completed. Payment may be made by cash, cheque or debit. Visa or MasterCard payments are subject to a maximum limit of \$2,000.00.

Pre payment

Pre payment is when you pre pay for the services and supplies today and the money will be used to pay for the services and supplies when they are delivered at the time of death. We offer two funding options when prepaying our services or supplies.

- Trust – You may pay the money directly to us and we will place it in trust, where it will accrue interest until the contract is fulfilled (when services and supplies are delivered) or the contract is cancelled.
- Insurance – You may purchase an insurance contract where the proceeds of the insurance contract will be used to pay for the services or supplies at the time they are delivered or the contract is cancelled.

(Additional information about our payment options is available upon request)
